

Miss Tuttle's Recital.

Lincoln is known abroad in many ways and not least by the singers that have gone from her midst. Miss Daisy Tuttle gave a farewell recital at the Y. M. C. A. Wednesday night preparatory to becoming one of these singers who are to herald our musical abilities to the world at large.

The audience was not large and yet the lower part of the hall was quite well filled. No musician could have asked for more sympathetic hearers.

There was a little ripple of fellow-feeling throughout the hall which did not show itself noisily, although a number of encores were asked for.

Miss Tuttle was greatly aided by Wilhelm Lamprecht violinist and Miss Grace Griffith pianist. The program was nicely arranged to relieve the musicians. Miss Tuttle's voice is so well known that it need hardly be described. She sustains well her tones, which are sweet and clear and in so doing also avoids the ever painful tremolo. But one or two of her selections required the lower notes of her compass, but these showed that her voice was well rounded and pleasing in her lower as well as higher tones. Her selections were largely of a romantic order. The jewel song from Faust at the close was just as entrancing as ever to those who heard it. Miss Tuttle's best work was in Nevin's happy little shepherd song that has made so many friends in Lincoln.

The subordination of instrument to the music is understood by Mr. Lamprecht. As he played one forgot about the instrument, too often, alas, are instruments of torture, in the beauty of sound. The violin had a story to tell and told it.

Miss Griffith is coming into prominence both as a careful accompanist and a pleasing soloist. Her rendition of Hollaender's music showed strength. She was in touch with Moszkowski's soft but spirited composition.

Miss Tuttle sang as encores to her first appearance "Tatters" and to the "Snow Song" "Dainty Little Love." Mr. Lamprecht when called back after the Wieniaski number played Schumann's "Traumerel."

- The program is here given:

THE TIME TO SUBSCRIBE.

The old newspaper saying, "now is the time to subscribe," was never more true than at present. The times are so full of incident, so many important national and state affairs are shaping themselves for a change, that no one can afford to be without a metropolitan daily or weekly. The St. Louis Republic, the greatest democratic newspaper, is making a special offer of its daily and Sunday paper for three months at \$1.50. It is \$6 a year by mail. The Twice-a-Week Republic is sent two times a week—104 papers—for only \$1 a year. In addition to all the political news, it prints every day a spread of general news and features not equalled by any other paper.

We have purchased (because it is just the thing we have needed) the Columbian Cyclopedic Library, consisting of the Columbian encyclopedia, which is also an unabridged dictionary thirty-two volumes of convenient size neatly bound, four volumes of the annual cyclopedic review, four volumes of current history for 1896, one Columbian atlas and the neat convenient revolving oak case with glass doors. From the evidence obtained we find that some part of this work is placed in the best private and public library in this country an abroad, for the reason that they cover a field relative to the past, present and future progress and achievements of the human race not attempted by others. The plan is original, and the work throughout is carefully and ably written.

Current history contains 220 pages, is issued two months after the close of each quarter, this length of time being taken to reduce all information received to be an absolutely reliable and authentic basis. If these are kept on file, this magazine will prove a permanent and invaluable record of all important movements in political, social religious, literary, educational scientific and industrial affairs.

The magazine will be indispensable to all people who have encyclopedias, as it will be needed to keep these works up to date. To those who do not own encyclopedias it will be doubly valuable as their source of information is more limited. About March of each year the four volumes of current history are bound into one volume, known as the Annual Cyclopedic Review. There are now four of these bound volumes covering years 1892-3-4 and 5. The work has for endorsers and subscribers in this city and state such people as Mr. Gere, editor-in-chief of the Lincoln State Journal, Hon. Joe Bartley, state treasurer, Hon. W. J. Bryan, Mr. Miller, editor of the Northwestern Journal of Education, Hon. H. R. Corbett, state superintendent of public instruction, Dr. R. E. Giffen.

Every reading person has felt the need of brief summaries of current topics and events. The daily, weekly and monthly periodicals and papers may furnish data sufficient, but the labor of collecting and digesting it is frequently out of proportion to the result obtained. A most satisfactory summary may be found in the quarterly journal has been of invaluable service to the library covering a field that no other attempts.

Subscription price, \$1.50 a year in advance; bound volumes, cloth, \$2, half morocco, \$2.50; library sheep, \$2.50; embossed sheep, \$3.50; three-fourths perian, \$4. Complete library from \$36. to \$108; cases from \$6, to \$14.

The complete library is sold on monthly payments to suit purchaser. City subscriptions will be received at the Courier office for a limited time only, or at Mr. H. W. Brown's book store, direct all other correspondence to C. S. Borum, general agent Lincoln, Neb.
